January 2021 - Less Is More

How many times have we've heard the phrase, "Less is More"? Many times, right? I think a lot of us have had several months taking a deep breath and living in our space. What else can we do to remain safe?

January is a great month to get started and take some time while we are stuck once again indoors because of the cold weather and Covid. In our industry, January is referred to as GO Month for Get Organized. Like many of you, with a new year, starts New Year Resolutions and getting more organized makes the list every year.

Let's get two simple projects off our lists that will make an impact in our daily life and you may even get the family involved and take this as an educational teaching moment:

Organize Your Tupperware – take all the Tupperware out and start matching tops with bottoms and recycle the misfits. Ask yourself how many of one size to you really need? Mainly of us only need 3-5 16oz containers because we may buy yogurt on a weekly basis.

I've included below ideas for your socks, underwear and bras.

Your morning will start out on a happy note when you open those drawers or cabinets and see everything nice and neat. One note before you add the items to your shopping cart, measure your drawer to see how wide and tall your drawers are.

Cheers to starting your January and mornings in a more organized way....

Your local professional organizer,

Betty Huotari

P.S. If you would like to share this email with a friend, please pass it along and if they would like to be added to my list, have them send me an email. If you wish to unsubscribe from the monthly newsletter, please send an email to betty@logicalplacement.com.

Organize your sock and underwear drawer. Take everything out and organize them by style and color and please throw out your old, stained, holey socks or you can keep 1 or 2 to use on your dusting projects for the house. I've included a link if you are a do-it-yourselfer to make a honeycomb drawer organizer:

Or at Bed Bath and Beyond, I found a solution for \$9.99.

You can tackle your underwear and bras the same way. Remove everything and take stock of what you have and what you need to replace and then I've included a bra and underwear organizer to give you an idea. You can search Amazon for 3piece storage for bras and find several vendors. They range from \$11-15.
